

CONFINED SPACE ENTRY LOG

GENERAL INFORMATION

Description of Space to be Entered : _____

Confined Space Entry # : _____

Location / MH # / Nearest Intersection : _____

Purpose of Entry / Work to be Performed: _____

Authorized Duration of Permit - Date: _____ Time: _____

(MAXIMUM 8 Hour Duration) Until Date: _____ Time: _____

POTENTIAL HAZARDS (Check all That Apply)

DO NOT ENTER SPACE IF ANY OF THESE ITEMS ARE CHECKED AND CANNOT BE CORRECTED and/or ELIMINATED

- _____ Oxygen deficiency (less than 19.5%)
- _____ Oxygen enrichment (greater than 23.5%)
- _____ Flammable gases/vapors (greater than 10% of LFL)
- _____ Airborne combustible dust (vision obscured @ = 5 ft meets or exceeds the LFL)
- _____ Toxic gases or vapors (greater than PEL)
- _____ Mechanical or configuration hazards
- _____ Electrical shock hazards
- _____ Materials harmful to skin present or suspected
- _____ Engulfment potential
- _____ Inflow of contaminants or fluid
- _____ Excessive heat / noise
- _____ Other: _____

List Corrective Measures Taken: _____

PREPARATION FOR ENTRY (Check after implemented)

- ☐ Notification of affected personnel/entities if required
- ☐ Isolation and Preparation Measures:
 - ☐ Area surveyed and cleared of exterior hazards
 - ☐ Traffic Controlled Work Zone in place (if applicable)
 - ☐ Manhole Gate / Cones / Pedestrian Protection Measures
 - ☐ Confined Space purged of water/fluid with pump
 - ☐ Other: _____

- ☐ Personnel Awareness and Responsibility
 - ☐ Pre-Entry Briefing on specific hazards and control measures
 - ☐ Job assignment / delegation by Entry Supervisor
 - ☐ Emergency Rescue Plan discussed with Attendant(s)

☐ Atmosphere Tested and Recorded

☐ Ventilation Blower Installed

☐ Atmosphere Re-Tested and Recorded

EQUIPMENT REQUIRED FOR ENTRY AND WORK

PPE:

- ☐ Safety Vest
- ☐ Hard Hat
- ☐ Safety Glasses

RESPIRATORY PROTECTION:

- ☐ Valved Particulate Respirator
- ☐ Continuous Flow Respirator

Ventilation:

- ☐ Ventilation Blower (minimum 1000 CFM)

Illumination Type:

- ☐ Handheld Flashlight
- ☐ Stationary Work-Light

Atmospheric Testing/Monitoring:

☐ _____ Tester/Monitor Unit #: _____

Calibration Date: _____

Communication Method & Equipment:

- ☐ Verbal ☐ Visual

☐ Equipment (List): _____

Non-Entry Rescue Equipment (Check all that apply):

- ☐ Harness ☐ Lanyard ☐ Tripod ☐ Wristlet
- ☐ Other (List): _____

ATTENDANT(S):
