

How to Set Objectives in Paycor

Note: Objectives set in Paycor will carry over to the Performance Review

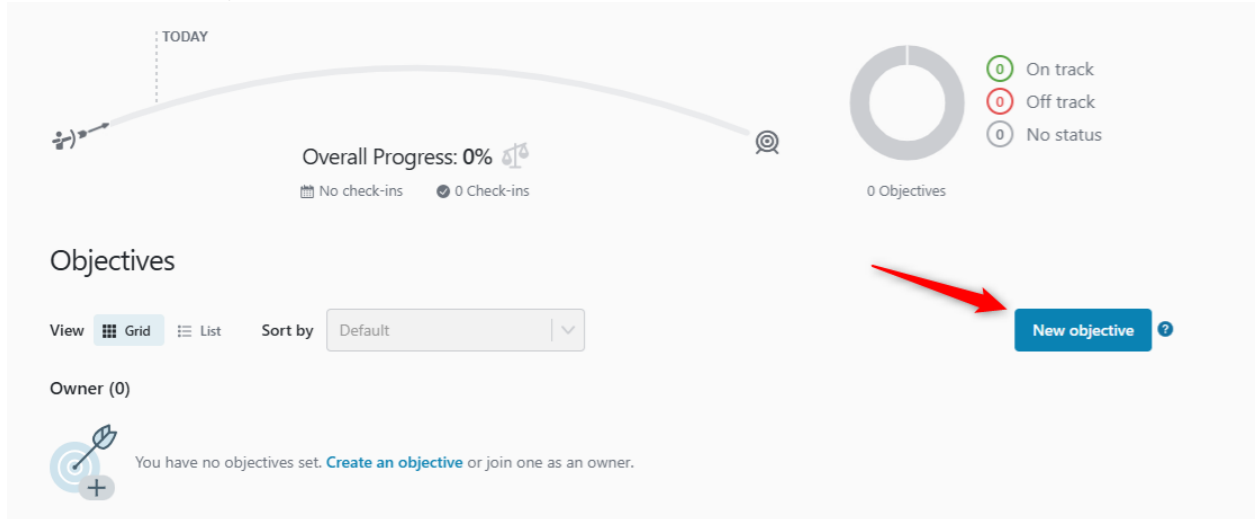

1. Login to Paycor
2. Click on the menu button at the top left corner, select “People”, then “Performance”

3. Click on “Objectives”

4. Click on “New Objective”

5. Enter the objective in the “Outcome” field
6. Click “Add Description” to add detail of the objective, measurement of success, etc.
7. For measurement type, select the option that best suits this goal:
 - a. Percent – if measurement of success is percentage completion
 - b. Numeric – if measurement of success is a set number
 - c. Complete/incomplete – if measurement of success is a concrete complete/incomplete
 - d. Currency – if measurement of success is a dollar amount
8. Click “Options” to pull down options
 - a. Time Period - to enter a time period, for instances when the goal is to be completed during a set time during the year as opposed to a year-long objective.
 - b. Type - to select the type of goal
 - c. Privacy – who should have visibility to this goal (“Participant” is the most commonly selected option)
 - d. Owners
 - Owner – the person responsible for achieving the goal
 - Stakeholder – a resource to help support the employee to achieve the objective
 - Labels – if you put your cursor in the field, you will see a drop down of options to choose from, this is an optional field
9. Check-In Reminder: Use this area to select how often you plan to check in on the progress of this objective.
10. Once the objective is created, you have the option to “Save Objective” or “Save and create another objective”
11. 3-5 goals/per year is recommended.
